STABILIZING BAR DETAIL

Specifications

chpIBOX

Similar to the glassBOX, the chpIBOX has a top stabilizing bar that holds the cubicles in place. The unique **CHPL (high-pressure phenolic laminate)** material facilitates a greater level of privacy, as panels are more easily shaped to conceal gaps and hardware connections.

APPLICATIONS —

Commercial bathroom cubicles and/or shower enclosures in airports, offices, entertainment venues, sports clubs/ facilities, gyms/spas, administrative buildings, hospitality.

HARDWARE —

- Double anodized aluminum with steel components (locks, fasteners, etc.)
