The benefits of glassBATHDOOR is they provide all necessities in any sanitary project, giving the possibility to the architect or designer to have spherical glass solutions from one source.

Not only have we taken into consideration the strictness of the hygiene requirements of "Fast Traffic Sanitary Areas and Changing Facilities," but also the design, the wide range of colors needed, the engineering, the installation flexibility, the end users advantages and the ease of maintenance.

Our glassBATHDOOR line provides a full range of colors in laminated, tempered glass that is resistant to scratches, cleaning detergents and atmospheric agents since all colored areas are between glass panels. The ecological approach is evident from the raw materials and ingredients used to create the structures, which will also contribute to make public sanitary areas more attractive and enjoyable.

The glassBATHDOOR line is not just a passive product; they are a stylish and harmonious solution to match the glass environments we create. The hardware is in anodized aluminum with a protective finish.

**Single-swing door**
- With lever handle
- Optional system with floor spring door closer on double-swing double door:
  - Double steel grab bar
- System with floor spring door closer on hinged door:
  - Single steel grab bar (on the pull side)
- Key/Key lock:
  - Key/Key without spring latch lock for doors with floor spring door closer
- Overhead door closer:
  - To be assembled on all hinged doors, except I and M
- Safety steel grab bar:
  - Safety steel grab bar (to be assembled on hinged doors with outward opening)
- Single or double vertical grab bar:
  - Stainless steel grab bar (length 18-1/8")
- Self-closing spring hinges:
  - Hinges with plates in stainless steel and eccentric spring mechanism for door styles A, B, C, D, I and M

**Double-swing double door**
- With floor door closer (without lock) and vertical double handle in steel

**Types of openings**
- A, B, C, D, I, M

**Optional System with floor spring door closer on double-swing double door:**
- Double steel grab bar

**Single-swing door with lever handle:**
- 31-1/2" : 35-5/16" : 39-3/8"
- 27-9/16" : 31-1/2" : 35-7/16"

**Double-swing double door (without lock) and vertical double handle in steel:**
- 31-1/2" : 35-5/16" : 39-3/8"
- 27-9/16" : 31-1/2" : 35-7/16"

**PRODUCT RANGE AND SIZES**
- **A MIDCB**
  - SINGLE-SWING DOOR
  - DOUBLE-SWING SINGLE DOOR
  - DOUBLE-SWING DOUBLE DOOR

**CARVART BY SOEMA**
- Glass Bath Door
- Commercial Bath
CARVART has curated glass colors and anodized aluminum finishes to assist in your design process. Should you require more options, contact CARVART or your sales representative, and we will partner with you to select from the other colors that are available.

Glass Finishes
Available in both Smooth finish, when a high-gloss reflective look is desired, or an Etch finish which is non-reflective and minimizes fingerprints.

Glass Colors
Available in 26 standard colors, other RAL colors may be available subject to approval of samples. The colors reproduced in this brochure have been matched as closely as print technology allows.

Hardware Colors
Hardware is available in anodized aluminum.
Materials

GRAPHICglass
This product line features our custom print capability which is the best quality in the market. With 1440 dpi clarity and vibrant color hues, your inspiration becomes reality.

From a photograph to digital artwork to a unique pattern, you can express your creativity. Make a statement. Create a mood. Communicate a lifestyle.

cHPL Wood Finishes
Curated from a classical and historical collection, our cHPL panels are offered in a wide range of “woodgrains.”

COMMERCIAL BATH
CARVART BY SOEMA
MATERIALS
Materials

Stone
Pale colors and delicate nuances inspired by wet plaster and industrial concrete. Soft materials with a strong contemporary spirit, icons of sophisticated design.

Finishing effects of the porcelain sheets may vary from panel to panel. Sample colors are considered indicative.

Marble
By definition, shining metamorphic rocks that diversify in changing energetic veins.

Handcrafted Technology
With unalterable belief, that our stance is the balanced
closest to pursue excellence,
we work passionately to ensure
that every final product can
reveal and project the story
of Italian design culture
and human artisan mastery.

"Handcrafted Technology" is
an attitude, where fulfillment
is a journey of constant
exploration and not a destination.
It’s a philosophy and way of life.

Today, we are proud to function,
research, design, continuously
upgrade our workforce skills
and production by using specially
adopted programs, machinery,
and technological solutions
bonded with traditional tool
elements, which have been
formulated, developed and
controlled through dedicated
work, knowledge and craft
experimentation. In this way,
we motivate artisan persistence
and insist in the “handcrafted
final mastery touch” for all
stages of our production.

"Handcrafted Technology"
predicates that inventive
sensitivity and even more,
necessity, must honor the
final result by merging
all human life standards
and values with technology
and progress.
