INTEGRAsolid > G is a sophisticated combination of the electronic multiconsole, GIBBO washbasin and a luminous mirror. The synthesis is bold in its originality, mixing three different materials in a geometric form — white solid surface, chromed brass and glass.

The solid surface washbasin is produced as one continuous single sheet with non-visible water drains and pipes underneath the basin. Stylish mirrors are fitted with backlit LED lights that shows users where to place their hands by illuminating the designations of "Soap", "Water" and "Air."

A wall-mounted solid surface backsplash supports the multiconsole, a 1/2" thick chromed brass plate integrating a soap dispenser, water faucet and hand dryer into one unit. The multiconsole also serves as a shelf. Discreet sensors under the shelf direct the functionality.
The integraSOLID > G series sink module with Multiconsole > A is an all-in-one solution that incorporates all necessary commercial bathroom services into one unit that is easy to install and aesthetically superior to other sink units. The Multiconsole > A features a prefabricated unit with dryer, soap dispenser and faucet included in one housing that is easy to install and even easier in remove (secured with a tamper-proof fastener) and maintain. The minimal 3/8" thick shelf dispenses air, soap and water without additional fixtures to clutter the sink area. The LED back-lit mirror has LED indicators to show where the dryer, soap dispenser and faucet are below the shelf.

### VALUE-ADDED BENEFITS

- Non-porous materials maintain hygienic environments
- Single, double and triple positions available
- Minimal look with blade-like shelf containing sink services
- System durability and long-term Integrity
- Turnkey project services
- Steel carriers available for self-supported installation
- ADA-compliant and accessibility-sensitive products

### APPLICATIONS
Commercial shower enclosures and bathrooms in airports, offices, entertainment venues, sports clubs/facilities, gyms/spas, administrative buildings, hospitality.

### CONFIGURATIONS
Single, double and triple basins available as standard. More positions as single unit available upon request.

### FUNCTION
All-in-one sink basin, mirror and services (dryer, soap dispenser and faucet).

### MATERIAL
Solid Surface Material

### MULTICONSOLE > A DIMENSIONS
Exposed Thickness: 1/2"
Width: 2’ - 2-5/16”
Height: 7-1/4”
Shelf Depth: 4-3/4”

### SINK BASIN DIMENSIONS
Depth: 1’ - 5-13/16”
Thickness @ front: 2-3/8”
Single Position Width: 27-9/16”
Double Position Width: 55-1/8”
Triple Position Width: 82-11/16”

### MIRROR DIMENSIONS
Depth from finish wall:
Single Position Width: 27-9/16”
Double Position Width: 55-1/8”
Triple Position Width: 82-11/16”
*Custom sizes available
**Custom LED indicators available

### SINK BASIN MOUNTING
Floor-mounted steel carriers are available upon request to make the integraSOLID > G free-standing and self supported without the need to mount to substrate reinforcement.

### MULTICONSOLE > A MOUNTING
Steel housing of Multiconsole > A must be mounted to the rear side of the finished partition. Exposed portion of Multiconsole > A unit to be installed from front after finish wall installation is complete.

### MIRROR MOUNTING
CARVART supplies Z-Clips to be mounted to finish wall behind mirror. Client responsible for providing adequate blocking to support full mirror weight after installed on Z-Clips.

### SOAP OPTIONS
Standard soap refill options is tamper-proof cap at front of Multiconsole>A.
**Optional remote basin with 1.3 - 6.6 gal capacity

### UL LISTING
Certificate Number: 20171117-E493638
Report Ref.: E493638-20170929
Issue Date: 2017-November-17
Issued to: SOEMA srl
36 Via Paolo Soprani
62019 Recanati MC Italy
Certified Parts: Plumbing Accessories
Commercial Hand-washing and drying unit/electronic multi-function hand washing unit
Model No.: Multiconsole A

Standard for safety: UL 1951 Electronic Plumbing Accessories CAN/CSA-C22.2 No. 68-09
Motor-Operated Appliances (Household and Commercial)  CSA C22.2 No. 14-13 Industrial Control

### HARDWARE WARRANTY
1-year limited warranty.

“Handcrafted Technology” is an attitude, where fulfillment is a journey of constant exploration and not a destination. It’s a philosophy and way of life. Today, we’re proud to function, research, design, continuously upgrade our workforce skills and production by using specially adopted programs, machinery, and technological solutions bonded with traditional tool elements, which have been formulated, developed and controlled through dedicated work, knowledge and craft experimentation. In this way, we motivate artisan persistence and insist in the “handcrafted final mastery touch” for all stages of our production.

“Handcrafted Technology” predicates that inventive sensitivity and even more, necessity, must honor the final result by merging all human life standards and values with technology and progress.
