CARVART's new innovative interior and exterior glassRAILING system features a completely flush, structurally glazed product that conceals all attachment methods. With no visible hardware, the glass provides elegant and seamless lines.

Structural interlayer and specialty glass with color, texture and pattern give a high level of stability while providing flexibility for creativity.

The system is pre-glazed to hardware for easy site installation.
glassRAILINGS > Uni (Side Mount)

Specifications

glassRAILINGS > Uni
CARVART's innovative railing system features a pre-glazed unit that arrives on site ready to install. This frameless look can be concealed beneath a finished floor or mounted to expose a finish fascia.

APPLICATIONS —
Railings/balustrade (interior and exterior), enclosure cladding, staircases

HARDWARE —
Concealed structural aluminum cleats at wall anchored to client-supplied substrate are pre-installed prior to installation of the glass railing.

Glass railing is pre-glazed in the factory to a continuous structural aluminum profile that is cured to strength and can easily snap in to place and fastened to the aluminum cleats.

HARDWARE FINISHES —
- Satin anodized
- RAL Colors

MOUNTING OPTIONS —
- Concealed (top mounted)
- Side Exposed with Buttressed Top Mounted Support
- Side Mounted (shown here)

GLASS THICKNESS —
Tempered laminated:
- Maximum 1" [25mm]

WARRANTY —
1 Year Limited Warranty

Specification Code: GR-RAIL-UN
